Moelis & Company Expands Financial Services Advisory into Europe with Appointment of Robert Glauerdt as a Managing Director

London, March 12, 2018: Moelis & Company (NYSE: MC), a leading global independent investment bank, today announced the appointment of Robert Glauerdt as a Managing Director providing financial and strategic advice to financial institutions, with a focus on traditional and alternative asset managers. He joins the Firm's London office, extending Moelis & Company's existing coverage of asset management firms and other financial institutions into Europe.

Mr. Glauerdt has over 13 years of financial institutions investment banking experience. He was most recently a Partner and Managing Director at Berkshire Capital Securities where he advised private and publicly-listed financial institutions on transactions involving asset managers, wealth managers, private banks, securities and specialty finance firms in Europe and internationally. Prior to Berkshire, he worked in UBS' Global Financial Institutions group in London and New York, advising asset management clients on corporate finance and M&A transactions.

"As financial institutions, and asset management firms in particular, seek global expansion and greater scale, Robert's expertise will be an exceptional addition to our well-established asset management advisory offering, extending our financial institutions advisory capabilities into Europe and beyond," said Yorick van Slingelandt, Moelis & Company's Co-Head of Europe. "Relatively low interest rates, a shifting regulatory environment, and strong growth in both passive and alternative investment capabilities continue to drive consolidation among asset managers. Our global client base will benefit tremendously from Robert's deep sector knowledge and transaction experience as they position themselves for growth in this changing environment."
